

Your Complete Source for Parts, Supplies & Equipment for the Oil & Gas Industry

Why choose Cagle Oilfield Services?

With almost thirty years of experience in the oil industry, Cagle Oilfield Services, Inc. has acquired an abundance of knowledge in oil field drilling. We offer our full line of supply services to fulfill your operating needs — which keeps you running with less downtime and lower costs. We are distributors for several American made products and can offer imported items as well. Not only do we supply upstream products, but we can locate production and downstream products as well. Commitment to quality products and your satisfaction are our top priority.

What sets us apart?

We cover the entire energy industry. When many companies may only deal with one aspect of the oil & gas industry, we have become diversified in that we can acquire many items you may need.

Your Complete Parts & Equipment Source

RIGS, DRILLING, & ACCESSORIES

- New Truck or Trailer Mounted Rigs
- Drill Bits
